EDUCATION

Georgia State University

Bachelor of Science in Computer Science

Expected: May 2029

Atlanta, GA

Georgia Piedmont Technical College

Technical Certificate in Mobile Application Development

Jan 2025 - May 2026

Atlanta, GA

CERTIFICATIONS

AWS Generative AI Developer

In Progress

- Preparing for AWS Generative AI Development Professional Certification, focused on **Amazon Bedrock**, foundation models, prompt engineering, **Retrieval-Augmented Generation (RAG)**, and enterprise **AI application development**.

EXPERIENCE

Amazon

Jan 2021 - Present

Fulfillment Associate

- Worked alongside **robotics**-driven fulfillment systems to manage high-volume inventory operations in a fast-paced environment.
- Processed **hundreds of customer** orders daily in a robotics-driven fulfillment center while maintaining accuracy, quality, and performance standards.

PROJECTS

StatPulse

Software Engineer

- Built a live sports dashboard in **Next.js** and **Tailwind CSS** that polls a third-party **REST API** on a 60-second interval, with client-side caching and loading/error states to keep the **UI responsive**.
- Implemented reusable React components** and organized the codebase into modular sections, making it easier to maintain and add new features.
- Deployed StatPulse to a production environment through **Vercel**, providing users with real-time sports scores and league standings through a responsive web interface. [Live Demo](#)

CodePath

iOS Developer

- Developed a collaborative expense-tracking app** for roommates using **Swift** and **Parse-Swift** for real-time data synchronization.
- Engineered core payment modules and expense logging features, ensuring data integrity and seamless user accountability. [View Source Code](#)

AWS GenAI Agent

Software Engineer

- Architected a **GenAI agent** using Amazon Bedrock by evaluating foundation models, **engineering LLM prompts**, and grounding responses with connected knowledge sources.

SKILLS

- Tools:** VS Code, Xcode
- Languages:** Python, Java, JavaScript, TypeScript, Swift, SQL
- Technologies:** AWS Bedrock, AWS Lambda, SwiftUI, REST APIs, User Experience (UX)
